

Junction 16 News

Major Junction improvements get underway

An improvement scheme has been developed for Mannington Roundabout with the aim to ease traffic congestion in the area and improve conditions for those using the roundabout, helping to provide more reliable journey times. Work started on Monday (16 April) and will take approximately 10 weeks.

Multi-million pound Junction 16 upgrade edging closer

Drivers will have noticed that the traffic management around Junction 16 has reduced as the work is now in its final stages. We are now focusing on opening the new right hand turn from Royal Wootton Bassett into Hay Lane which will mean an overnight closure (8pm-6am) on Thursday (26 April) to enable us to connect the traffic lights.
