Q5 - Should enclose where in the village you live.

---

**Q7**  
Please enter any design or location comments you may have in the box below.

A Bowl type skate park would be better. The inevitability of antisocial behaviour as in graffiti, litter and noise should be the issue of proximity to housing the Reactionary Field where the original allowed Vertical Ramp was.

Just a thought. This area is used by lots of dog owners to exercise their dogs. Do we need to consider fencing to enclose it?

I am extremely concerned about anti-social behaviour and how this proposal will encourage out of the area people with illegal intentions (drugs mainly). The traffic surrounding the green barely takes into account the small amount of children using the areas as it is. With added traffic and parked cars, it will become worse. The green at The Elm on Stroud's Hill would be better. Parking, no through road and fewer residents. As much as I think local kids need more distractions I do No think this is the way to go. Kids living out of the area will drift this way and I can't see any benefit to be at this site. The road is far too busy. Safety first! Stroud's Hill or the Recreation Ground would be better suited.

Park is already unusable most the time for little children due to teenagers using it as a dumping ground. They swear and are rude towards younger children trying to use the park. Maybe sort this problem out first rather than rewarding them with another area for them to ruin.

---

**Q7**  
Please enter any design or location comments you may have in the box below.  
  
No areas for the younger generations. More areas needed for the little ones to practice on.

It think any form of skate / BMX park for the kids to play in would be a great addition. You only need to visit the ones in Marlborough, Highworth and Wroughton to see the benefits to kids and adults.

I live within Chiseldon but not close to the proposed site. There is a definite need for something like this in the area and whilst I understand there will be fears of anto social behaviour I would hope this would be less than feared especially given the very overlooked and open nature of the location

Children play football ball, cricket etc on this site, young children in this area will not have an area to continue with these activities. Noise levels maybe disturbing for the elderly residents opposite the site..would be better placed at the recreation ground away from the front of people's properties.

---

**Q7**  
Please enter any design or location comments you may have in the box below.  
  
Recreation ground is a better site..

Children play football there almost everyday after school and weekends. Where will they go? Also, it is adjacent to the bungalows which are home to elderly residents, the noise will be continuous and in the summer may go on to very late in the evenings. Parking is also at a premium, be there when school is coming out.

---

**Q7**  
Please enter any design or location comments you may have in the box below.  
  
The recreation ground is the obvious place, mainly away from residents, adequate parking and near to other facilities e.g, tennis and outdoor gym equipment. And maybe the green at Strouds Hill, plenty of room and parking.

This is a ridiculous place to put a skate/bike park. It's in the middle of a VERY well used football pitch. It's directly outside of houses and the bungalows for our elderly residents. As a skate/bike park it will attract many young people from outside of the village, where are they going to park? It's bad enough for us residents as it is. They will be there all hours of the evening/night especially during the summer months. I can only imagine trying to sleep with the windows open and all the noise associated with this hideous idea.

---

**Q7**

Please enter any design or location comments you may have in the box below.

The best place for this is at the rec, a crossing would need to be put in place but that's long over due and much needed. Or maybe the village green on Stroud's hill. A more central location. It's not used as a village green any more, not even used for football unlike the CV park. There is parking for the out of town crowds and far less residents to be disturbed. Although these few will be disturbed. For the love of God please see sense.

A more suitable place would be at the recreation ground next to the tennis courts. Castle View green would be better served with a new park. Perhaps a wooden adventure playground type.

---

**Q7**  
Please enter any design or location comments you may have in the box below.  
Skate parks are quite a niche facility with the majority of children and adults lacking the skills to actually use them as skateboarding is a very difficult skill to master. A pump track/bmx track would perhaps be a more useable asset. The track in wroughton is a fantastic facility but having to drive children there to use it is not ideal.

Incorrect area for the skate park so close to pensioners bungalows and elderly folk in general, noise, antisocial behaviour and drugs/needles/alcohol has been used in and near this area in the past and at often late night in summer months, roads in need of urgent repair and limited parking, leave the Green alone for all families and children to enjoy and use for ball and field games as it always has been. Also see comments after question 7

---

**Q7**

Please enter any design or location comments you may have in the box below.

Complete waste of money and a eye sore, keep Our village "Green Spaces" Green for all families to enjoy, I cannot believe the parish can even consider this as an appropriate location to build this right next to Pensioners bungalows and limited parking, it would destroy the area and be wrecked within years and a place for vandals and antisocial behaviour. Absolutely Disgusting! 🤢 and mindless

How many kids have you see on skate boards I the village. I can think of 2 of top of my head. This will attract kids from othe places which in turn will be noise especially for the elderly that live near the play area. Also this will in turn attract more drug dealers to the village. Have one by the tennis courts away fro. The houses.

---

**Q7**  
Please enter any design or location comments you may have in the box below.  
  
Put near the tennis courts. There is no houses and it's away from us.

There is already a lot of noise from the park which can keep our children awake during summer time and feel that a skate park will have the children/teenagers hanging around for longer and possibly misusing it for something to do which isn't fair for residents and it being located in such a residential area

It would be a shame too loose green space which is already well used, if anyone wanted to drive to it there is no suitable parking area.

---

**Q7**

Please enter any design or location comments you may have in the box below.

Has Strouds Hill been considered? It would give an area for people to ride thier bikes instead of dangerously speeding down the path and across the road to jump onto the green.

I do not believe the castle view Rd park is suitable. This will encourage more bikes and scooters in the area using the paths and roads, when the roads are tricky enough as it is with people parking on them. Let alone kids dashing around to get to the skate park. Skate parks encourage older children/young adults in the evening who like to gather in crowds, and i believe the noise would disrupt the elderly living the closest to the site. This type of track should be situated where people are less likely to be disturbed. And in an area suitable for bigger groups to gather. The children should have more to do, but I believe it will be a huge disruption to the elderly.

---

**Q7**

Please enter any design or location comments you may have in the box below.

The rec would be far more suitable.

The park is well used as it is. Whilst I understand that the local children need something the tenants in Downs Rd are almost all elderly. This particular idea would also bring outsiders to the park, mostly older teenagers.

A skate park is always the 'quick and easy' answer to proposals to meet the kids needs. In the military they did this alot and they also found it was not the answer. For a start, not that many kids skate, second, those that then take it up tend to then leave fairly quickly. You are then left with a hard core of 2-3 who will use it. After that they then get left, neglected, graffitied and become an eye sore. Have you also costed the ongoing maintenance, rust repairs (if metal) wood repairs (if wood), the rubbish cleanup (underneath as it WILL accumulate), the need to potentially change the layout as the kids get bored with the planned one?

---

**Q7**

Please enter any design or location comments you may have in the box below.

Do some proper in depth research and benchmark studies into what kids actually want.

Ask them if they want a skatepark and of course they will say yes.

Ask them if they will use it a year later, or in the rain, or winter and you will get a very different answer.

How many kids will actually use it - continuously?

What happens when their interest runs out - it does and will?

83K is a lot of money for what is likely to become a white elephant. That money would be better spent on other youth activities, better gaming areas - just look at the number of kids who play football for instance on that park. Focus on doing things that ALL of them, not just a small minority will benefit from.

Has anyone actually done that research, asked elsewhere, benchmarked the experience elsewhere in the short, medium and long term, along with those costs?

The problem is that actually the support and activities all kids would benefit from require adults, time and commitments, which is clearly why it has not been done.

Sticking up a skate park and hoping that will satisfy the kids needs for entertainment without any other input is short sighted and shows limited understanding or research.

---

Please select your age range bracket

---

**Q5** Windmill Piece, Mill Close, Tatley Walk or The Orchard  
Please indicate the area you live in, by selecting one of the options below.

---

**Q6**  
Please enter any comments you wish to make on items 1-5 in the field below.

Totally unsuitable location. Many residents, who would have this park right in front of of their homes are elderly or vulnerable. This type of facility attracts people from outside the area. Parking at Castle View is very limited. Cars will park in surrounding streets where parking is also at a premium or on the grass itself. Skate parks have a history of anti social behaviour, litter issues and noise, completely unacceptable to site this facility right in the middle of a residential area so close to homes.

Would like to see the area turned into something like a peaceful seating area with plants. Lots of elderly live around that area and it's already too noisy. It also looks chavvy enough as it is.

A skate park would be a great addition to the village. However Castle View Play Area is totally unsuitable for this facility. It is surrounded by houses many of which are occupied by elderly or vulnerable people. Even if the users of the skate park are considerate (which is highly unlikely) the noise created by groups of people and their equipment will be intrusive. Also the size of the skate park will have a detrimental impact on other activities that take place on the Green such as ball games and the exercising of dogs. The best location for this facility would be the Recreation Ground.

A great idea that would bring something new to the village for the local kids. Castle View seems the logical location, as already used as a kids area, just there is not currently much there for teenagers. This would be a very welcome addition to the area.

---

Living directly opposite the green on Castle view Road, which is where I imagine the proposed build would take place. I have not yet received a paper copy of the survey.

My partner and I feel very strongly against this. Having only moved into the area a couple of years ago, one of the main attractions for us as having a lovely view of the green in front of the house. We strongly feel that having the skate park in front of us would lower the value of our property.

Upon research, all of other skate parks in the local area are not built directly in front of houses, there are many many concerns that we have about this, in the summer, we have noticed antisocial behaviour already happening, our bedroom is at the front of the house and we quite often hear people screaming and shouting late at night on the green and in the park. The green is completely the wrong location for this proposal, my question would also be How many kids actually skate these days, there are plenty of kids throughout the winter and summer, who use the green to play football.

I do also think that this would promote people from out of the area into the street, this is already ruining the road as you drive into Castlevue Road, the verges and the road is in very bad condition, parking is already in issue ,When it's the school run, there have been several times people have parked in front of the house when it has been the end of the school run too, I do feel that this would be great for the children. I just do not feel that the location is right in anyway shape or form.

If this gets to go ahead, we will proceed with legal action.

---

**Q7**

Please enter any design or location comments you may have in the box below.

Not in keeping with the local area at all, on the legal paperwork when we purchased a house we were advised that we would not be able to remove the grass area to extend our driveway as we had to be in keeping to the covenant and uphold a certain amount of green space.

I do not believe would adhere to this at all. Would this not be better positioned within the rec?? Surely this amount of money would be better, spent sorting out the roads throughout the village, and other local issues

I believe that the money could be invested elsewhere for instance repairing the road, speed humps along castleview Road. Also having that on the green takes away a local place for dog owners give exercise to their dogs.

Please indicate the area you live in, by selecting one of the options below.

---

**Q6**  
Please enter any comments you wish to make on items 1-5 in the field below.

The park is already enjoyable and any additions are welcomed, is a skate park the only answer? Probably not! We'd be keen to make the green even more family friendly.

This is a bad idea in such a built up residential area! Skate boards are noisy enough as it is without the noise of them going up/over ramps. More so the noise in summer months due to lighter nights when people could be in bed trying to sleep. We feel this park would encourage more noise and more anti social behavior!

---

**Q7**  
Please enter any design or location comments you may have in the box below.  
  
Not an ideal location due to being very residential. Needs to be in a area with more open space and less housing so close to it.

**Q6**  
Please enter any comments you wish to make on items 1-5 in the field below.

The proposed site for the skatepark is in the middle of a residential area with Downs Road primarily bungalows for old age pensioners, hardly ideal. I am concerned about the lateness that the park will be used particularly in the summer months, antisocial behaviour, noise and litter. Castle view play area and green has a road surrounding it which raise concerns over road safety given the possibility of skateboarders using this road to reach the skate park. For users coming from the other end of the village or outside the village there is very little car parking availability which is evidenced by the unsightly churned up muddy "grass" verges.

---

**Q7**

Please enter any design or location comments you may have in the box below.

Other locations with much better parking availability are The Recreation ground and the grassed area behind the Post Office/Spa shop. They are also not in the center of a residential area.

I am worried about anti social behaviour and noise so close to the gardens, already the garages are attracting youths jumping on garage roofs breaking into sheds and getting into gardens. This not only scares the animals but the neighbours who are elderly.

Feel like there is a lot being thought of and planned for the older children yet the only thing suitable for younger kids is 2 baby/ toddler swings that are often wound around and up by bigger children, I understand the whole thought process behind the skate park but I remember when I was younger all the benches in the village got removed to stop older children congregating and now it's seems like they are being treated instead

As there are many elderly and disabled people very close to the play area also many other houses not forgotten primary School. I and many more people believe it would be more appropriate and safer ( no traffic ) for all ages. To situate the skate board park on the green below the spa shop.  
Only three or four houses and somewhere to park the cars safely. Regards john

Well done on an absolutely ridiculous idea. Seriously, who comes up with these suggestions? I'm sure you would all be very happy with a skate park being built at the bottom of your gardens would you?

---

**Q7**  
Please enter any design or location comments you may have in the box below.  
  
You've forgotten the smoking shelter, also somewhere nice and comfortable for kids to smoke weed and do a few lines of coke. It won't be used as a skate park, it'll become a place where youths will hang around at night, drink, cause trouble and waste police time. Honestly, you lot are a joke.

The green area that you want to build a skate park on is surrounded by road that people do not park the best on. It's even worse at school time making it dangerous.

It is also only going to attract teenagers who just sit around intimidating younger children like they do at the park currently.

The park is not used to its potential because teenagers are constantly there smoking and causing a nuisance which will happen if you build a skate park next to it.

The green is also used by a lot of dog walkers so you will also be taking that away from them aswell.

---

**Q7**

Please enter any design or location comments you may have in the box below.

The field off Norris Close.

Or sort the teenagers out first and the parking before even considering it

This location must have been suggested by persons not living in this area and likewise supported by the same. Surrounded by homes many of which occupied by older/vulnerable people. Also homeowners who will see their properties devalued. Noise, antisocial behaviour, parking etc will all be an issue. Other much more suitable locations available. The recreation ground or Stroud's Hill. Both have parking and very few properties affected. Stroud's Hill is a very central location in the village accessible on foot for locals and parking for those coming from further afield. Have these been considered and if not why? Or considered and rejected, again why?

We think its a good idea to have a skate park but not on the green right next to the school and by the old age pensioners bungalows.

The better location for a facility such as this would be on the recreation ground. Castle View Road is a residential area, already saturated with parked cars. The facility should be accessible to all residents not just families in and around Castle View Road. It appears a lot of money to be spent for very few users.

I most strongly agree, have you considered the senior citizens who live in bungalows opposite the green and castle view road residents looking onto the green. The noise and rubbish will escalate as the users will congregate, especially in the evenings. The younger children play football nearly all day where will they go, also the swings and slide area is (?? cant read handwriting CW) for the toddlers.

In the present crisis is this level of public spending wise? Looking out at the dreadful thing will be terrible or do we/you not care? Who will use it? Castle View green has always been lovely. Don't spoil it. Another lunatic idea to waste PUBLIC money. Ridiculous.

The parish needs facilities for children/teenagers. A skate part is an ideal option.

---

**Q7**  
Please enter any design or location comments you may have in the box below.

The best location in my opinion is at the recreational ground. It already has transport links for emergency services and has all the infrastructure for a sports facility. It will not interfere with residents as there is already sports facilities there.

I have a relative that lives 800 meters from a recently installed skate park and the antisocial behaviour is unbearable and noise levels have spoiled there lives, they are now having to move away.and also the money could be spent on urgent things like looking after the village ie overgrown hedges repairs to roads and foot paths and it would not be just the local kids it would attract all sorts

The design in the picture is far too large for the area, this would cover too much of our green space with concrete. I support a much smaller beginners skate park next to the play area deigned for ages 6-12 years plus some trees for shade. A scheme as large as the one as shown would be more appropriate on the recreation ground.

---

**Q7**  
Please enter any design or location comments you may have in the box below.

As above

I feel a skate park in a residential area will cause more noise and anti social behaviour. We can get alot of noise from there now during the lighter months. Also skate boards can be very noisy especially if used at night when people are in bed.

I dont think this is the right place for the skate park, its too built up area and kids playing football on the green, it should be away from the senior citizens because of noise.
