

## **Annual report of the Planning, Highways, and Transport committee 2021-2022.**

It has been a busy year for the Committee, with the work concentrating on:

### **Successes**

- We have fed back to SBC, comments on 22 planning applications
- Installed SIDs at both ends of Badbury. (Speed Indicator Devices)
- Arranged for the Speed limit to be reduced in Draycott Foliat to 40mph
- Installing a Solar Street Light in Draycot Foliat

### **In Progress:**

- Planned for SID to replace the Build out on New Road, current feedback from SBC is that this might occur in 2023.
- Working towards installing addition Parking in Windmill Place and Draycot Foliat.
- Started on preparations for a Neighbourhood Plan, this will require input from all Chiseldon Parish residents

Many thanks to committee members and any other parties that have helped throughout the year, especially Cllr Steve Duke with his efforts to get the light installed in Draycot Foliat.

As always we would like to receive ideas how we can help the parish, and work for a better environment

Cllr Ian Kearsy  
Chairman of the Planning, Highways and Transport Committee
