

Analysis of 20mph Survey Jan 24. Public Consultation.

Summary

We had responses from 263 residents, of whom 170 (64.64%) were in favour of physical measures being introduced within the Parish, much of the support coming from the residents of those roads we suggested would be included in the scheme, although we did get a good response spread over the whole Parish. Although Q10 suggests that the main issue in the Parish is around the various junctions on New Road and Hodson Road due to speed.

This is from a population of approximately 2500 and represents a response of 10.5%.

Detailed Results

Q1. Do you consider there are road safety issues within Chiseldon Parish?

Yes 77.52%

No 22.48%

Q2. If you answered Yes to Q1, who are you concerned about? (Select as many as are applicable)

Adults 91.09%

Children 98.51%

Q3. What are your concerns specifically? (Select as many as are applicable)

Traffic Speed 89.57%
